WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK'S OBJECTIVES

1. This week started the training for the coaches and the associations one of the strategy in parallel for make the weakness areas in strengthen.

   Expected result — The 80% of the coaches must connect on the first session

   Success indicator — If the 80% of the coaches connect on the session and show interest on the topic and suggest more topics for their preparation

EXECUTIVE SUMMARY

This week the training session for the coaches started, but nobody was on the session, Veda and I discuss the problem of the communication and the interest of the presidents, for Veda is important just to encourage the coaches of the elite group but i suggest to invite all the associations cause one of our goals is increase the level of the sports so we need to define the new strategy for the communications between the NOC, Associations, Coaches and me.

The second activity was attended the CC1 and help Grenadas coaches if they have any question or issue, also remind them to attend it

The third point was just discuss with Veda the issue with the budget .

CHALLENGES

High priority · In Progress · COMMUNICATION

The most challenge of Grenada is the communication, for this point iam gonna implement another strategy to push them to assist in each training session otherwise i would change the strategy and work only with the coaches of the elite and semi elite group

Action — I discuss this point with Veda, we decided make the invitation directly from the Olympic Committee to the presidents to make it formal the invitation. On the training session for the Presidents I gonna encourage all the presidents the importance of this training for them and their coaches. The intention is to raise awarness.

High priority · Pending Follow-up · ADMINISTRATIVE

On the week Veda want to discuss the problem with the salary (she still worry about this point), she said , she just have money to cover the salary until October probably November, she tried to get in contact with Emilio but he wasn't available so she spoke with Karla. I am worry about this point cause the process of the implementation and all the actions lines for the strategy road LA28, the sport system and the others actions it would be imposible to finish in this month even in november, the project would be incomplete.

Action — Give support and discuss this point with Veda, help her to looking for a solution
