4 total engagements this week, across 3 stakeholder types.

WEEKLY PROGRESS TREND (ALL INITIATIVES)

- 1 Conduct field visits and gather direct information about sport facilities, training environments and current conditions of sport development across different areas of Belize.

Expected result — A clearer understanding of the current sport environment, infrastructure conditions and opportunities for future methodological support.

Success indicator — Visits completed to different sport facilities, including venues managed by the National Sports Council, and direct interaction with representatives from Golf and Artistic Gymnastics during the visits.

- 2 Participate and provide methodological support in institutional activities related to the preparation of Belize's participation in upcoming multi-sport events.

Expected result — Improved understanding of the operational, organizational and technical processes related to Commonwealth Games Glasgow 2026 and Central American and Caribbean Games Santo Domingo 2026.

Success indicator — Participation in Commonwealth Sport meetings, review of delegation preparation processes and identification of relevant aspects for future technical support.

- 3 Collect and organize institutional and federation information required to support future methodological follow-up and technical planning.

Expected result — Strategic information available to support future analysis of athletes, federations, competition calendars and sport development programmes.

Success indicator — Documentation received from BOCGA and National Federations, review process initiated and competition calendar information progressively collected.

EXECUTIVE SUMMARY

This week represented continued progress in the methodological role within BOCGA through institutional participation, field visits and information gathering.

Participation in Commonwealth Sport meetings provided relevant information regarding Glasgow 2026 preparation processes, delegation management and operational requirements, supporting future monitoring of Belize's participation in major multi-sport events.

Field visits across different regions of Belize allowed direct observation of sport facilities, including venues under National Sports Council administration, and provided information about current sport environments. Interaction was established with Golf and Artistic Gymnastics representatives, creating opportunities for future follow-up.

A technical conversation with Olympic Scholarship athlete Brandon Adolphus allowed review of his preparation environment and performance factors.

Participation in the Annual General Meeting and Olympic Day strengthened integration with BOCGA leadership, staff and National Federations. Follow-up areas include documentation review.

INITIATIVE PROGRESS

Federation Performance Planning and Technical Coordination

STRATEGIC

● In Progress

▲ 1 vs. last week

Field visits and institutional activities supported the initial understanding of sport environments, facilities and federation contexts. Visits were conducted to different sport venues, including facilities under National Sports Council administration. Initial interaction was established with Golf and Artistic Gymnastics representatives, while the Annual General Meeting allowed official introduction to National Federations and opened communication channels for future follow-up.

Strategic Competition Planning and Preparation Support

● In Progress

HIGH PERFORMANCE

5/10

No change vs. last week

Participation in Commonwealth Sport meetings contributed to the collection of relevant information regarding Glasgow 2026 preparation processes, delegation management and operational requirements. Additional information related to upcoming multi-sport events and National Federation competition calendars started to be collected to support future monitoring, planning and technical follow-up

PANAM SPORTS SUPPORT NEEDED

Continue providing guidance and coordination regarding Panam Sports programmes and opportunities that may support the methodological work with BOCGA, particularly in relation to athlete development, coach education and strengthening technical processes.

CHALLENGES

● High priority

● Pending Follow-up

TECHNICAL

The continued geographical distribution of sport programmes and facilities across Belize requires additional field visits and follow-up to obtain a broader understanding of the conditions, opportunities and needs of different sport environments.

Action — Continue planning field visits and maintaining communication with National Federations and relevant stakeholders to progressively identify areas where methodological support can provide the greatest impact.

● Medium priority

● In Progress

ADMINISTRATIVE

A significant amount of institutional and federation documentation started to become available during the week. The main challenge is to progressively organize and review this information in order to identify the most relevant elements for future methodological support and planning.

Action — Continue the progressive review and organization of the documentation received from BOCGA and National Federations. Prioritize information according to its relevance for athlete monitoring, federation follow-up, competition planning and future technical actions.

NEXT WEEK FOCUS

Continue reviewing institutional and federation documentation, organize collected information, follow up on initial contacts with National Federations, and continue monitoring preparation processes related to upcoming multi-sport events and athlete development.
