WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK'S OBJECTIVES

- 1 Support the Belize Olympic and Commonwealth Games Association in the preparation for upcoming international events through technical coordination and operational planning.

Expected result — Effective coordination established with key international stakeholders to facilitate the planning and operational preparation of Belize's delegation.

Success indicator — Coordination activities completed with Commonwealth Sport, Panam Sports and the Central American and Caribbean Games Organising Committee.

- 2 Strengthen the technical capacity of the Belize sport system through direct collaboration with National Federations, coaches and technical leaders.

Expected result — Technical collaboration established with National Federations to support future federation development and coach capacity-building initiatives.

Success indicator — Technical meetings completed with National Federations and key technical stakeholders.

- 3 Monitor high-performance and sport development environments through field visits, facility assessments and competition observation.

Expected result — Technical observations completed to support the ongoing assessment of training environments, sport facilities and athlete development programmes.

Success indicator — Field visits, facility assessments and competition observations completed across priority sports.

EXECUTIVE SUMMARY

The week marked continued progress in the implementation of the methodological support provided to the Belize Olympic and Commonwealth Games Association. Activities focused on strengthening two key areas of work: support for Belize's preparation for upcoming international multi-sport events and continued technical engagement with the national sport system. Operational coordination was expanded through direct communication with Commonwealth Sport, Panam Sports and the Central American and Caribbean Games Organising Committee, providing information to support delegation planning. At the national level, technical meetings with National Federations, visits to community sport programmes, facility assessments and observation of training and competition environments provided a broader understanding of federation operations, coach development, athlete preparation and infrastructure conditions. These activities continued strengthening institutional relationships while generating technical information to guide future federation support and the ongoing implementation of the project.

INITIATIVE PROGRESS

Federation Performance Planning and Technical Coordination

● In Progress

STRATEGIC

▲ 1 vs. last week

Continued strengthening technical collaboration with National Federations through direct engagement with federation leaders, coaches and training environments. Activities expanded beyond institutional familiarization to support federation development, coach education, athlete preparation and identification of future technical assistance opportunities.

Strategic Competition Planning and Preparation Support

● In Progress

HIGH PERFORMANCE

▲ 2 vs. last week

Continued supporting Belize's preparation for upcoming international multi-sport events through coordination with Commonwealth Sport, Panam Sports and the Central American and Caribbean Games Organising Committee. Operational information gathered contributed to delegation planning and competition preparation.

PANAM SPORTS SUPPORT NEEDED

Continue providing technical guidance and facilitating coordination with international Games organisers and coach education initiatives to support the ongoing implementation of the project in Belize.

CHALLENGES

● Medium priority ● In Progress COORDINATION

Continued coordination is required with Games organisers, Panam Sports and National Federations to ensure timely access to operational information supporting Belize's preparation for the Commonwealth Games and the Central American and Caribbean Games.

Action — Continue maintaining direct communication with Games organisers, Panam Sports and National Federations to monitor operational updates, technical meetings and delegation requirements throughout the preparation period.

● Medium priority ● In Progress TECHNICAL

Continued engagement with National Federations is required to better understand each federation's technical priorities, coach development needs and athlete preparation environments.

Action — Continue technical meetings, field visits and training observations to gather sport-specific information and identify opportunities for future technical support tailored to each National Federation.

NEXT WEEK FOCUS

Continue technical engagement with National Federations through field visits, training observations and follow-up meetings while supporting Belize's preparation for upcoming international multi-sport events and advancing coach development initiatives.
