KEY ACTIVITIES THIS WEEK

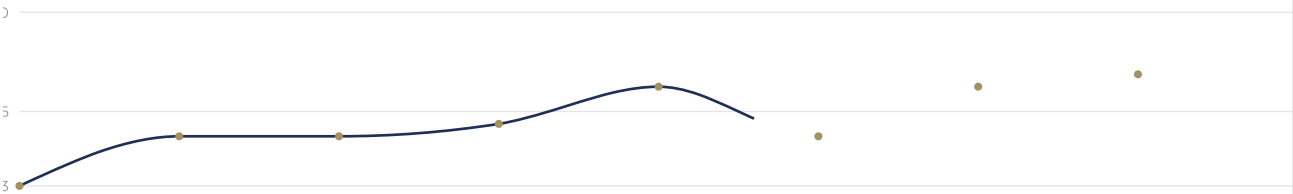

DATE	ACTIVITY	STATUS
Aug 11	Presented and discussed the methodological and strategic approach being developed for Belize, including federation assessment, athlete development, training and competition pathways, performance information and prioritization. The meeting also defined how local methodologist Emerson Baptist can support field implementation.	In Progress
Aug 12	Coordinated with BOCGA and Panam Sports to expand Belize's participation in the Coach Certificate 1, including a proposal to register the new local methodologist and additional support to include Karate after the original registration period.	Completed
Aug 12	Started the Panam Sports Coach Certificate 1, participating in the first module on Coaching Philosophy and Leadership. The program provides direct exposure to the same coach-development pathway being promoted among Belize federations.	In Progress
Aug 14	Continued developing the technical structure for the recent Games reports and advancing the federation development framework, integrating competition results, field observations and identified support conditions into the ongoing technical work.	In Progress

STAKEHOLDER ENGAGEMENT OVERVIEW

4 total engagements this week, across 2 stakeholder types.

WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK'S OBJECTIVES

- 1 Advance the methodological and strategic framework for federation development and define how the new local methodologist can support its implementation in Belize.
 Expected result — Establish a clearer connection between strategic direction, federation assessment, field monitoring and the work to be carried out locally
 Success indicator — Methodological approach presented and discussed with BOCGA leadership and the local methodologist, with key areas identified for coordination between remote technical direction and field implementation.
- 2 Expand access to structured coach education and connect this development opportunity with the broader technical needs identified in Belize.
 Expected result — Increase participation of Belize coaches in the Panam Sports Coach Certificate 1 and integrate the new local methodologist into the same learning process.
 Success indicator — Belize participation expanded beyond the original 30 places, with 49 participants accepted and additional registrations managed, including the local methodologist and one Karate participant.
- 3 Continue organizing information from the recent international Games and use competition evidence to strengthen athlete development and future planning.
 Expected result — Progress the structure of the technical reports by connecting competition results with field observations, athlete support conditions and relevant lessons from the sports monitored.
 Success indicator — Results and observations from recent Games progressively incorporated into the technical reporting structure, providing inputs for future athlete and competition planning.

EXECUTIVE SUMMARY

This week represented an important step from technical assessment toward implementation. The methodological and strategic approach developed for Belize was presented and discussed with BOCGA leadership and the new local methodologist, establishing a practical connection between strategic direction and field-level federation follow-up.

Coach development also became a significant area of progress. Belize exceeded its original allocation for the Panam Sports Coach Certificate 1, additional registrations were coordinated, and the local methodologist was incorporated into the process. I also began the program directly, providing first-hand understanding of the methodology being offered to Belize coaches.

In parallel, work continued on the federation development model and on structuring technical reports from the recent international Games, with the aim of converting competition results and field observations into useful information for athlete development and future planning.

INITIATIVE PROGRESS

Federation Performance Planning and Technical Coordination

STRATEGIC

● In Progress

No change vs. last week

The methodological framework advanced from assessment toward implementation. The approach was presented and discussed with BOCCA and the new local methodologist, clarifying how federation visits, training-plan review and field information can connect with the strategic work already developed. Work on the federation model also continued remotely during the week.

Strategic Competition Planning and Preparation Support

● In Progress

HIGH PERFORMANCE

7/10

No change vs. last week

Work continued on organizing results and observations from the recent international Games. The objective is to build technical reports that go beyond competition results by identifying relevant information on athlete preparation, performance and support conditions that can strengthen future competition planning.

PANAM SPORTS SUPPORT NEEDED

Continued coordination with Panam Sports will support remote implementation as the local methodologist begins field activities in Belize, helping maintain technical follow-up with the National Federations and continuity of the work plan until on-site work can resume.

CHALLENGES

● High priority ● Pending Follow-up OPERATIONAL

The timing of the next on-site period in Belize remains dependent on completion of the current Canadian permanent residence process and receipt of the physical PR Card required for international travel and re-entry.

Action — Maintain remote implementation and strengthen coordination with the local methodologist to ensure continuity of federation follow-up and field activities until travel to Belize becomes possible.

● Medium priority ● In Progress TECHNICAL

Belize has a strong demand for coach education, demonstrated by participation exceeding the original allocation for the Panam Sports Coach Certificate 1. This reinforces the need for continued opportunities to strengthen coaching knowledge and development pathways.

Action — Monitor participation in the Coach Certificate 1 and explore how the knowledge gained can contribute to a more structured long-term approach to coach development in Belize.

NEXT WEEK FOCUS

Advance coordination with the local methodologist for federation follow-up in Belize, continue developing the federation methodology and recent Games technical reports, and monitor the initial implementation of the Panam Sports Coach Certificate 1 as part of the broader coach-development process.
