Shared Services and Coordination	Administrative	30%	On Hold

KEY ACTIVITIES THIS WEEK

DATE	ACTIVITY	STATUS
Jul 6	Supported engagement between the Olympic Academy, Dr. Honychurch, and Olympic Champion Thea Lafond to discuss the reactivation and future direction of the Olympic Academy. Assisted the Support Officer in identifying next steps, preparing meeting notes, and organizing upcoming actions for reporting to the DOC.	Completed
Jul 7	Prepared a Safeguarding Policy Draft based on local workshop feedback, recommendations from the local safeguarding expert, and alignment with IOC safeguarding guidance. The draft was submitted to the DOC President for review, together with recommendations for next steps, including local specialist review, IOC alignment check, Executive review, formal adoption, and implementation by affiliated National Federations.	Completed
Jul 8	Carried out active recruitment communication with National Federations to encourage cooperation and commitment to the Panam Sports Coaches Training opportunity. Follow-up communication focused on encouraging federations to identify suitable coaches, confirm interest, and understand the importance of participating in the training as part of ongoing coaching development and federation capacity building.	Completed
Jul 9	Conducted check-ins with federations of athletes attending CAC Games training to help ensure that preparation remained on track. Follow-up focused on confirming athlete readiness, federation communication, travel or participation preparation where relevant, and any outstanding support needs.	Completed

WEEKLY PROGRESS TREND (ALL INITIATIVES)

0

THIS WEEK'S OBJECTIVES

- 1 Engage with participants, facilitator, DOC representatives, and external stakeholders to maximize the impact and legacy of the OVEP Workshop.

Expected result — The OVEP Workshop is successfully implemented, with active participant engagement, clear documentation of attendance and outcomes, and identification of follow-up actions to strengthen Olympic values education in schools and within the wider sport community.

Success indicator — OVEP Workshop delivered as scheduled Participants actively engaged in workshop activities and discussions Attendance and participation documented Facilitator supported with local coordination needs Key workshop outcomes and recommendations identified Follow-up opportunities with teachers, schools, and DOC identified Workshop connected to future Olympic Academy and DOC education initiatives External stakeholder relationships strengthened

- 2 Support the Federation Support Officer in follow-up engagement with National Federations regarding the OVEP project and federation support documents, and assist the Olympic Academy support process by clarifying how academy initiatives should be communicated to the DOC President, Executive, and Capacity Officer.

Expected result — The Federation Support Officer will be familiar with all National Federation support documents and prepared to support National Federations as they reach out. The Federation Support Officer will also be better prepared to assist the Olympic Academy in preparing a report for the DOC, outlining current initiatives, proposed next steps, and support needed.

Success indicator — Federation Support Officer reviews and understands key federation support documents Federation Support Officer prepared to respond to National Federation follow-up requests OVEP-related follow-up with National Federations supported Olympic Academy reporting process clarified Draft structure or content for Olympic Academy report developed Academy initiatives prepared for communication to DOC President, Executive, and Capacity Officer Federation Support Officer gains confidence in supporting both federation and academy-related workflows

- 3 Follow up with DOC leadership, National Federations, and relevant stakeholders on key institutional priorities, including the Panam Sports Coaching Course, Safeguarding Policy Draft, Athletes' Commission reactivation, and Olympic Academy reactivation.

Expected result — DOC leadership and relevant stakeholders are updated on key pending items, next steps are clarified, and progress continues toward implementation of priority initiatives connected to coaching development, safeguarding, athlete representation, and Olympic education.

Success indicator — Follow-up completed with DOC leadership on priority items Panam Sports Coaching Course next steps clarified or advanced Safeguarding Policy Draft shared, reviewed, or prepared for further feedback Athletes' Commission reactivation discussed or moved forward Olympic Academy reactivation discussed or supported Responsible persons and next steps identified for each priority area Federations informed or engaged where relevant Progress documented for weekly reporting and future follow-up

This week focused on the Olympic Values Education Programme (OVEP) Workshop and follow-up on key institutional priorities. The workshop strengthened cooperation between sport, education, coaches, teachers, the Olympic Academy, DOC leadership, and stakeholders around Olympic values, youth development, and sport in education.

Support was provided to the Olympic Academy through engagement with Dr. Honychurch and Olympic Champion Thea Lafond, meeting notes, reporting support, and next steps. The Safeguarding Policy Draft was submitted to the DOC President for review, with recommendations for local specialist input, IOC safeguarding alignment, formal adoption, and federation implementation.

Further work included communication with National Federations on the Panam Sports Coaches Training opportunity, check-ins with federations preparing athletes for CAC and Commonwealth Games activities, and support to the Federation Support Officer on documents and follow-up systems.

Overall, the week showed progress in Olympic education, safeguarding, federation support, high-performance coordination, and collaboration, while highlighting the need for leadership decisions and structured follow-up.

INITIATIVE PROGRESS

Targeted Technical Expertise & Coach Multiplication

DEVELOPMENT

● In Progress

▼ 1 vs. last week

Progress continued through targeted technical support to National Federations, coaches, and DOC support structures. Case studies and examples from other National Federations were shared with presidents and coaches of key targeted federations to support further development of athlete pathway planning. The documents can be used as practical planning tools rather than only compliance documents.

High Performance & Institutional Capacity Acceleration

HIGH PERFORMANCE

● In Progress

No change vs. last week

Progress continued through check-ins with key federations preparing for CAC Games and Commonwealth Games, with a focus on identifying support needs for athletes and coaches. These check-ins helped clarify current preparation status, outstanding needs, communication gaps, and areas where support or follow-up may be required. This initiative remains active as federations continue to require support in connecting immediate competition preparation with longer-term high-performance planning, athlete pathway development, coaching support, and future qualification objectives.

Formal Government and Dominica NOC Cooperation

STRATEGIC

● In Progress

No change vs. last week

The Ministries of Sport and Education received invitations to attend the OVEP Workshop, reinforcing the importance of continued cooperation between the DOC, government partners, schools, sport officers, education officers, and National Federations reinforcing opportunity to continue strengthening relationships and demonstrating the value of

collaboration around Olympic values, school sport, youth development, safeguarding, and athlete education. Ministry of education sent a representative to the OVEP ceremony.

Shared Services and Coordination

ADMINISTRATIVE

On Hold

No change vs. last week 3/10

Although the broader shared services initiative remains on hold pending further leadership guidance, the OVEP workshop helped strengthen the case for continued coordination and practical collaboration across institutions. Olympic values were presented in informal communication as a common goal and shared foundation where education, sport, government, the DOC, and National Federations are all working toward the same purpose and collective efforts to find creative solutions to shared services and coordination.

PANAM SPORTS SUPPORT NEEDED

It would be helpful to receive confirmation and the meeting link for the upcoming Olympic Academies meeting. The Dominica Olympic Academy / Dominica Olympic Committee have not yet received this information. I became aware of the meeting through Ms. Silvia Dalotto. (Mon July 13 11:00 a.m?)

CHALLENGES

High priority In Progress OTHER

Sport psychology support for high-performance athletes attending CAC and Commonwealth Games has not been addressed with a centralized psychologist, and athletes mainly reside overseas therefore we have discussed develop a competition routine tool for coaches and staff supporting athletes during the games. A group session or a recorded tool is under discussion to enable coaches skills and tools to effectively support athletes who they may not know as well during games.

Action — Explore online group workshops on competition routines, athlete mental preparation, and coach support. Athletes requiring individual support should seek qualified specialists and request DOC assistance as needed.

Medium priority In Progress COORDINATION

Formal cooperation with the Ministry regarding shared services, facility access, and possible formal agreements remains pending. Communication delays with external stakeholders have slowed progress in clarifying booking procedures, costs, availability, and shared-use options.

Action — Continue follow-up with Ministry contacts, facility coordinators, and DOC leadership. Use positive OVEP media coverage and visible cooperation between education, sport, and Olympic stakeholders to encourage practical shared-service solutions

Medium priority In Progress COORDINATION

The nominations list for the Panam Sports Coaching Certification is not as extensive as expected. Additional motivation, promotion, and follow-up are needed to encourage suitable candidates to apply.

Action — Promote the opportunity through OVEP contacts, social media, sports teachers and sports division Officers, and national federations. Remind federations to consider candidate readiness and time commitment when submitting nominations.

Low priority Addressed OPERATIONAL

Some last-minute participant changes required adjustments to workshop preparation, attendance planning, communication, and coordination immediately before implementation.

Action — Continue using flexible preparation systems for future workshops, including updated attendance sheets, clear participant communication, backup arrangements, and post-workshop follow-up systems.

NEXT WEEK FOCUS

Next week will focus on AGM reporting, sharing key DOC recommendations on safeguarding, commission reactivation, federation support, marketing workflow, and strategic planning. Follow-up will also review OVEP outcomes and define next steps for Olympic education and institutional development.
