THIS WEEK'S OBJECTIVES

1 Cover the training program for this week 100%

Expected result — All the associations that has the meeting on this week attend it

Success indicator — If 5 associations attend the meeting on the week

2 Identify their weakness step of their process management

Expected result — Understand the objective of seeking the professionalization of their sports system

Success indicator — Start with the process management

3 Understand the guidelines for improvement the results

Expected result — Manage their technical data's to take decisions and define objectives

Success indicator — Integrate the technical criteria's in their process

EXECUTIVE SUMMARY

The objective is not to do double work, but we have to do in this moment, we assign the duties for each person, but we need to pushed hardly the associations.

So, we get the goal for this week because we have 3 training sessions, so it's ok.

If we have less than 3 it's mean we are not doing the correct work to involve the association in this process.

INITIATIVE PROGRESS

Process Management for Associations

STRATEGIC

● In Progress

3/10

▲ 1 vs. last week

The main goal is cover 5 associations in the week, at least 1 association per day, but the bottleneck is they don't follow up the schedules and nobody confirm on time. Nevertheless we can handle 3 training sessions in this week and there were so productive this sessions. All the situations that has discussing on the session let us know the approach for the next step

PANAM SPORTS SUPPORT NEEDED

Follow up the program that had already sent on February and on May

CHALLENGES

● High priority ● In Progress COORDINATION

Define the specific task in each member (who inform, who confirm, who finish the process)

Action — Define their internal processes

● High priority ● Pending Follow-up COMMUNICATION

Define the level of internal communication

Action — Understand end to end in communication process

NEXT WEEK FOCUS

Im looking for 4 training sessions , we started working on, this currently week
