WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK'S OBJECTIVES

- 1 Follow up with two athletes on Olympic scholarships who are attending a training camp in the Dominican Republic as they prepare for the 2026 Central American and Caribbean Games in Santo Domingo.

Expected result — Make sure they have transportation, lodging, and training planned for the camps.

Success indicator — Two athletes—a taekwondo athlete and a badminton athlete—have been confirmed as Olympic scholarship recipients.

- 2 Provide support to men's volleyball coach Carlos Orta through a coaching workshop. The coach requested this support.

Expected result — Work on the team's focus on the tournament, as well as its identity, control, and the commitments of each team member.

Success indicator — A competition objective, commitments, and collective agreements on how to respond to different situations during the competition.

- 3 Follow up with the federations on the action plan developed during the July 11 workshop at the SOC.

Expected result — Schedule one-on-one meetings for next week to continue working on the 2027 Annual Action Plan.

Success indicator — At least two meetings have been confirmed for next week.

EXECUTIVE SUMMARY

Esta semana en el análisis de la participación de las federaciones , nos damos cuenta que a pesar de que fue exitosa la participación aún existen resistencias para finalizar la plantilla proporcionada, por esa razón estoy detrás de las reuniones uno a uno para lograr darles el seguimiento individualizado. Por otro lado, el acompañamiento de los atletas con becas ha sido exitoso ya que todos los 6 atletas están en contacto tanto con mi colega Mike Nahar como conmigo. En este momento no podemos dejar de insistir en las federaciones y su inmenso impacto en el desarrollo del deporte en particular pero en el deporte en general en Surinam.

GOVERNANCE

8/10

The workshop with the federations has been completed; however, we are continuing with the 60-day follow-up to ensure that, by October, at least six federations will have completed their Annual Action Plan for submission to the relevant authorities.

7/10

No change vs. last week

We are currently in the registration phase for coaches from the 16 active SOC federations.

HIGH PERFORMANCE

● In Progress

8/10

No change vs. last week

We are monitoring the training in Suriname and Trinidad & Tobago of the six athletes who have received Olympic scholarships. This week, they began traveling to Santo Domingo for training camps that will allow them to acclimate to the environmental conditions and make final adjustments for the official competitions.

Talent Identification & Development Program

DEVELOPMENT

● On Hold

3/10

▼ 1 vs. last week

Although we have had discussions on this topic, we have not made progress on finalizing a draft document; as soon as we finish the workshop with the coaches, we will focus on moving forward with the first draft.

PANAM SPORTS SUPPORT NEEDED

This week, I was fortunate enough to speak with Emilio Posadas from Panam Sports; the goal was to provide a verbal update on the program's progress. Now I also need to know if the program will continue after September 16 for Phase 2 of implementation. That's a priority.

CHALLENGES

● High priority ● Addressed LOGISTICAL

Several materials for conducting the workshop with the Surinam men's national volleyball team.

Action — To conduct the workshop at the training site, we needed materials such as flip charts, Post-it notes, and pens.

● High priority ● Addressed COMMUNICATION

It is very important to keep the SOC informed about our initiatives and their progress, which is why we try to speak with the Secretary-General every week.

Action — To understand the realities of training for athletes with Olympic scholarships, as well as the realities faced by national federations in relation to the annual action plan.

NEXT WEEK FOCUS

1. Workshop for coaches at the SOC.
2. Follow up with the federations and associations regarding coach certification; registration closes on July 27.
3. Federation rankings.
4. Phase 2 of implementation—proposal.
