EXECUTIVE SUMMARY

Ongoing communication has gradually strengthened the NOC's trust in the technical support and contributions provided through the Methodologist Program.

The NOC was encouraged to promote and highlight the participation of Antigua and Barbuda's athletes in the Dakar 2026 Youth Olympic Games through social media. This initiative received a positive response from the community, reflected in social media engagement and reactions.

During the week, Antigua and Barbuda celebrated its 45th anniversary of independence, which caused some delays in administrative processes. Additionally, the presence of NOC staff and the Secretary General in Dakar slowed communication and coordination. However, regular contact has been maintained, and activities continue to progress.
