KEY ACTIVITIES THIS WEEK

DATE	ACTIVITY	STATUS
Oct 26	Conducted individual Sports Characterization meetings with the Weightlifting and Sailing Federations, applying the methodological questionnaire to examine athlete development, talent identification, coaching structures, competitive pathways, sporting results and preparation needs.	Completed
Oct 27	Continued the Sports Characterization process through meetings with Table Tennis on October 27 and Aquatics on October 28. The consultations addressed federation development, athlete identification, training organization, coaching resources, competitive preparation and the collection of supporting technical information.	Completed
Oct 28	Continued developing and refining the Excel-based tools supporting the Belize Sports Prioritization Model. The work included the organization of federation characterization records and a technical review of the international competition scoring matrix, covering event hierarchy, senior and youth competitions, scoring ranges and medal-related criteria.	In Progress
Oct 28	Followed the departure of the Belize delegation for the Dakar 2026 Youth Olympic Games, marking the transition from the pre-departure preparation phase to participation in the Games. The departure followed completion of the five-session theoretical preparation programme for Melody Gabourel and Jaaden Williams.	Completed

WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK'S OBJECTIVES

1. Continue implementing the Sports Characterization process through individual meetings with National Federations, expanding the collection of sport-specific information initiated during the previous reporting week.

   Expected result — Obtain additional information on federation structures, athlete development, talent identification, coaching, training practices, competitive results and sporting opportunities to strengthen the national sporting baseline.

   Success indicator — Four additional federation meetings completed, bringing the cumulative number of federations consulted to 12, with new specific information collected for subsequent technical analysis.

2. Advance the development of the Belize Sports Prioritization Model by improving the structure of the federation characterization database and refining the international competition scoring matrix.

   Expected result — Strengthen the organization of federation information and improve the consistency of competition hierarchies, scoring criteria and Excel-based assessment tools for future sporting evaluations.

   Success indicator — Master Excel structure reviewed and developed; international competition scoring criteria, event hierarchy and scoring ranges refined, with remaining adjustments identified for validation.

3. Follow up on the transition of the Belize delegation from its completed pre-departure preparation programme to participation in the Dakar 2026 Youth Olympic Games.

   Expected result — Completion of the delegation's departure and continuity between the theoretical preparation undertaken with the athletes and their participation in the Games.

   Success indicator — Belize delegation departed for Dakar on October 28, following completion of the five-session theoretical preparation programme during the previous reporting week.

EXECUTIVE SUMMARY

This week, the Sports Characterization process continued through individual meetings with four additional National Federations: Weightlifting, Sailing, Table Tennis and Aquatics, bringing the cumulative total to 12 federations consulted. The meetings provided valuable information on athlete development, talent identification, coaching, training organization, competitive pathways and technical needs. Progress was also made in developing the master Excel tools supporting the Belize Sports Prioritization Model, particularly through the organization of federation information and refinement of international competition scoring criteria, event hierarchy and scoring ranges. On October 28, the Belize delegation departed for the Dakar 2026 Youth Olympic Games, following completion of the athletes' five-session theoretical preparation programme during the previous week. The next stage will focus on consolidating federation findings, reviewing outstanding documentation and further strengthening the model's technical assessment tools.

INITIATIVE PROGRESS

Federation Performance Planning and Technical Coordination

In Progress

STRATEGIC

8/10

▼ 1 vs. last week

Continued the direct implementation of the Sports Characterization process through four additional meetings with Weightlifting, Sailing, Table Tennis and Aquatics, bringing the cumulative total to 12 National Federations. The consultations expanded the collection of sport-specific information and identified further opportunities for technical coordination and follow-up.

Strategic Competition Planning and Preparation Support

In Progress

HIGH PERFORMANCE

8/10

▼ 1 vs. last week

The Belize delegation departed for the Dakar 2026 Youth Olympic Games on October 28, following completion of the five-session theoretical preparation programme during the previous week. Federation consultations also provided additional information on international competition opportunities and athlete development pathways, particularly in Sailing.

Belize Sports Prioritization Model

In Progress

STRATEGIC

8/10

▲ 2 vs. last week

Expanded the Sports Characterization process to 12 National Federations and continued strengthening the model's supporting Excel tools. Work focused on the organization of federation records and refinement of the international competition scoring matrix, including event hierarchy, scoring ranges and criteria adapted to Belize's sporting context.

Sports Training Planning, Organization and Monitoring

In Progress

DEVELOPMENT

7/10

▲ 2 vs. last week

Gathered further information on training organization, coaching qualifications, talent identification and athlete development through federation meetings. Particular attention was given to Weightlifting's coaching and development needs and Table Tennis's training structures, with additional documentation identified for subsequent technical review.

PANAM SPORTS SUPPORT NEEDED

Complete the pending administrative process and confirm flight tickets for my final on-site assignment in Belize, from November 8 to December 10, 2026, as previously requested, to ensure continuity and completion of the ongoing methodological work.

CHALLENGES

High priority · In Progress · TECHNICAL

The Sports Characterization process has now covered 12 National Federations, generating a substantial volume of sport-specific information that requires systematic organization, verification and analysis.

Action — Consolidate the information collected from federation meetings, identify missing documentation and organize the findings to support the next stage of technical assessment.

High priority · In Progress · TECHNICAL

The international competition scoring matrix requires continued refinement to ensure that event hierarchy, medal criteria and scoring ranges provide a consistent and appropriate basis for assessing sporting performance in Belize.

Action — Complete the review of scoring criteria, verify the consistency of the Excel structure and validate the adjustments before applying the matrix to federation performance assessments.

High priority · Pending Follow-up · ADMINISTRATIVE

The final on-site phase of the methodological assignment in Belize, requested for November 8 to December 10, requires confirmation of the corresponding administrative and travel arrangements.

Action — Complete the pending administrative process and confirm the flight arrangements to ensure continuity of the ongoing technical work.

Medium priority · Pending Follow-up · TECHNICAL

Federation meetings identified differences in coaching capacity, athlete development structures and the availability of documented training plans and competitive records, limiting the depth of technical assessment.

Action — Request outstanding athlete records, training plans and competition results, and use the information to identify priority areas for methodological support and training monitoring.

NEXT WEEK FOCUS

Consolidate findings from the 12 federation meetings; review outstanding technical documentation; continue refining the Sports Prioritization Model and its Excel tools; and maintain follow-up on Dakar 2026 and the next phase of the assignment.
