Governance & Strategic Planning

GOVERNANCE

9/10

No change vs. last week

The workshop held on July 11 resulted in two documents tailored to the realities of Suriname, serving as useful tools for annual and strategic planning. The commitments made at the workshop involved following up with each of the federations to create these documents, which would involve taking small steps in the planning process. The goal is to produce documents that can be improved upon—not perfect ones—but unfortunately, the response from the federations has been slow. I hope that we can at least come up with six annual action plans.

EDUCATIONAL

No change vs. last week

We are holding a sports talent pilot program on November 27. It will be supported by the coaches who participated in the workshop. This will be an opportunity to begin gaining experience in identifying talented boys and girls, who will go on to become sports talent scouts.

PANAM SPORTS SUPPORT NEEDED

This project has turned intention into action and an idea into a sports development plan that has faced significant challenges, as change requires time and perseverance. I respectfully request that Panam Sports continue to invest in these projects to achieve sustainable results.

NEXT WEEK FOCUS

1- Follow -up planning federations.
2- Follow -up pilot project.

3- Prepare a final report for the project's conclusion on December 16.
