THIS WEEK'S OBJECTIVES

1. Continue with the training program for the coaches and presidents at least 50% of the quorum in each session

Expected result — Increase the 10% of assistance in each training session

Success indicator — It will be measured by the interest of each session, if each coaches and presidents open the floor to discuss any point

EXECUTIVE SUMMARY

For this week the big challenge was the communication and the coordination with all the stakeholders for the training, the big issue is they don't work with an agenda an sometimes they forget the activities that they have, so we change the initial dates for this wee, and then nobody notify and verify if everyone get the information, so, when i was on the session an nobody was in, i realized that even if i sent a message during the week or a couples of hours before the session to reminder they sometimes forget, so will considerate to apply some app to reminder all the activities

Communication and coordination between the NOC, presidents, coaches to notify and verify the dates of the training session, nevertheless Grenada is in a political period with election so, some of the personal are involved in this process and for the executive of the NOC they recommend to move the dates for the next week.

Action — Coordinate with Veda the best day and time for those training sessions.

High priority · In Progress · FINANCIAL

There is a issue with the budget in Grenada, for Veda is quite to be worried cause she doesn't have money for pay my salary until december, so she is looking to solve the problem until she has any answer she wants to stop the activities with the NOC .
