WEEKLY PROGRESS TREND (ALL INITIATIVES)

THIS WEEK’S OBJECTIVES

1. This week the most important is the training session with the coaches, reach audience is the main goal, for that Veda and I make a different strategy in communicate to the coaches, so we invite another member of the executive of the Olympic Committee integrate with us.

   Expected result — This action help a lot in the communication we had 18 sports coaches on the meeting , two of them are the olympic coaches so it was a pretty well answer of the coaches

   Success indicator — The coaches were receptive, and i realized the interest in this topic. Also i think its important to promote a special program for the coaches to motivate them, some times they feel that nobody recognize their work

2. Continue with this strategy in the communication with the Presidents for their training session next week, as we are programing the training session for coaches and Presidents, i need to awaken the desire to improve their knowledge and to apply it in their respective roles

   Expected result — Coaches and Presidents attend the training session next week

   Success indicator — Get 25 coaches at least and 15 presidents for the training session

---

EXECUTIVE SUMMARY

Achievements the first training session was conclude with 18 coaches , the main goal is help them improve their own knowledge, and remain the importance of planing, they should know that for any coach planing is the foundation of effective coaching.
Challenge we realized in this training session that Grenada don't have enough female coaches most of the coaches are male so they have some disadvantage in Mantain females athletes in all the sports.
Another challenge is the communication line between the associations and the coaches , iam not sure if the presidents really know that is part of their responsibilities or maybe the don't identify the correct way or person to communicate all the goals of this project that we are developing.
Coordination efforts the constantly communication with Veda and Conrad help a lot in make big steps

INITIATIVE PROGRESS

Training session for coaches — In Progress

STRATEGIC

6/10

▲ 5 vs. last week

The most relevant progress was the response of the coaches on the training session the challenge is push the Presidents to work on their communication skills , and their leadership. Another aspect is if we identify the correct person that has the open line with the coaches the response is easy to share all the information so we need to continue working on the implementation to define the actions lines and the way that the should communicate

Leadership for Associations — In Progress

STRATEGIC

5/10

No change vs. last week

Gonna be active next week

Sport System GRN 2028-2032 — In Progress

STRATEGIC

6/10
