## WEEKLY PROGRESS TREND (ALL INITIATIVES)

## THIS WEEK'S OBJECTIVES

1. Following confirmation of the changes to the standard report, we received approval from the SKNOC and officially distributed the new report—including specific production and submission dates—to the federations.

   Expected result — We hope that, with these new standards, the federations will present their actual figures, allowing us to determine more precise paths for each sport in the country as the evaluations progress.

   Success indicator — With the correct number of participants per discipline—across its various levels—we will be able to gain a true picture of the discipline's needs, whether regarding mass participation, talent scouting, or investment in already discovered talent.
